

The Special meeting of the City Council was held on July 19, 2016 at 6:30 P.M. The meeting was called to order by Mayor Julian Theriault with the following members present:

1st Ward-----Mike Eby
George Kirkwood
2nd Ward-----Heith Stidham
Sara Driemeyer

The Planning Board and CTA Architects Engineers presented the draft of the Growth Policy. Brent Moore said that the Growth Policy is about 30% done. It is a draft now and should be a guiding and a planning for the future with goals/policy of the City to adopt policy and is not a regulator. State Law requires a Growth Policy. The Growth Policy will come up with a couple of different scenarios. Between September and October the Planning Board/CTA Architects Engineers will be asking for the City Council and Public's help. They will be having public meetings. In November the Growth Policy should be about 50% done. The Growth Policy will be asking about visions, goals, objections, actions, and any concern's that the public has. The Growth Policy is supposed to update every 5 years. In December the Growth Policy should be finishing up, then it will be easier to score higher on Grants for Capital Improvements grants.
